SPACE MIGRANTS 2513

Antidiskriminierungsspiel | Gioco sull'antidiscriminazione

THEODIA

SPACE MIGRANTS 2513 bringt junge Menschen auf spielerische Weise mit den Themen Antidiskriminierung und Vielfalt in Berührung. Das Planspiel wurde im Rahmen des Projektes MigrAlp gemeinsam in Nord- und Südtirol entwickelt und greift aktuelle Themen wie Migration und Integration auf. Im Spiel üben die Jugendlichen den Umgang mit Konflikten, Unterschieden und Chancen. Space migrants 2513 gliedert sich in eine zweistündige praktische und partizipative Spielphase und eine anschließende Gruppenreflexion. Aktives, entdeckendes, kreatives und kooperatives Lernen fördert die soziale, persönliche und methodische Kompetenz der TeilnehmerInnen.

SPACE MIGRANTS 2513

Gioco sull'antidiscriminazione | Antidiskriminierungsspiel

THEODIA

SPACE MIGRANTS 2513 mette in contatto i giovani con i temi dell'antidiscriminazione e la diversità in modo ludico ed interattivo. Il gioco di ruolo SPACE MIGRANTS 2513 è stato sviluppato nell'ambito del progetto MigrAlp in Nord- e Sudtirolo e si basa sui temi della migrazione e dell'integrazione. Durante lo svolgimento del gioco i giovani imparano a relazionarsi con conflitti, la diversità e i pregiudizi. SPACE MIGRANTS 2513 è diviso in una fase di gioco, pratica e partecipativa, che dura circa due ore e in una fase successiva incentrata sulla riflessione di gruppo. Apprendere in modo attivo e creativo favorisce le competenze sociali, personali e relazionali dei partecipanti.
