

## WP 5 – BEST PRACTICE STARTING UP

Partner pilot areas – Grisons, Switzerland

### SETTLEMENT DEVELOPMENT POSCHIAVO

#### **Main characters:**

Community of Poschiavo consisting of a main settlement (it. *Borgo*) and many hamlets as well as a precious cultural landscape

#### **Local authorities involved:**

Community of Poschiavo and the Heritage protection society, section “Engadin / southern valleys of the Grisons”

#### **Starting from...** (initiatives in progress/data-set already available/...)

Local planning data basis

#### **Operational tools to be applied:**

At the beginning, there is carried out a SWOT-analysis to improve the planning instruments such as the land-use zoning plan and the building-up development plan. This analysis serves as basis for the WP4-tool “settlement development”.
