

Val d' Intelvi (CO): PROTECTION AND ENHANCEMENT OF THE ERBONNE SETTLEMENT

Main characters: maintenance and restoration of Intelvi valley rural buildings, as part of an alpine integrated territorial cultural system

Local authorities involved: Mountain Community Lario Intelvese, Municipality of San Fedele d'Intelvi

Starting from... the project for the integrated territorial cultural system of Comacina Isle district (lake of Como); INTERREG IIIA projects already realised and under realization.

Operational tools to be applied:

Guidelines for the restoration and the planned conservation of rural building standing on high altitude.

Restoration and reuse of the public open spaces.
