# INTEROPERABILITY CHALLENGE

- Open access to charging service;
- Reload without contract;
- Single transaction payment using credit card payment;
- Developed system with protocol OCPP 1.5 - open standard;
- Ability to manage the service independently, with no third parties;
- Top service control level due to a diagnostic system and alarm which is always active - 24 hours a day - to monitor the recharging infrastructure.

# COOPERATION BETWEEN PUBLIC ADMINISTRATION & BUSINESS COMMUNITY
